

Short-Term Restorative Care

Expert support with your ACAR application

Verso Consulting is Australia's most respected Aged Care Approvals Round (ACAR) specialist. With more than a decade of experience, we support providers across all states and territories.

Your ACAR success starts here

Stage 1: Data Gathering & Service Model

We will provide support to gather the information needed to complete your competitive and compliant Short-Term Restorative Care (STRC) application:

- ↳ Identification of target areas/ regions for new STRC service/s
- ↳ Description of a compliant STRC model for delivery by your organisation
- ↳ Development of milestones and key steps for service commencement
- ↳ Consideration of past record in relevant services and programs
- ↳ Collection of evidence of your restorative care capability, risk and quality management systems and accreditation record
- ↳ Documentation of suitable referral linkages and intake pathways

Stage 2: Draft Applications

Provision of a draft application for your review that:

- ↳ Addresses all assessment criteria
- ↳ Clearly outlines your expertise in restorative care

Stage 3: Application Finalisation

Feedback and additional information will be requested to develop a final draft application.

Provision of final application forms including input of feedback and additional information as requested. This stage delivers lodgement ready application forms.
